**Purpose of Inspection:**

Inspected the site while I was in the area.

**Directions to Site:**

See previous inspection report.

**Inspection Summary:**

The site remains unchanged; there is a little more trash in the area surrounding the site. The area below the site is being developed and access seems to change with each visit. The operator has indicated that he is ready to reclaim the site but nothing has been done to date.

**Conclusions and Recommendations:**

I will continue monitor the site when I am in the area.
